

**LimoLiner Launches New Early Morning Departures from NYC
New Schedule and Service Upgrades Effective April 1, 2016**

Beginning April 1, LimoLiner will implement a new schedule with added departure times, including a 6:45 a.m. New York departure and 4:00 p.m. return from Boston throughout the week. Created with New York City business travelers in mind, the new schedule enables travelers the flexibility to leave and return home on LimoLiner in one day. These new trips will only be available at an introductory rate of \$79 one-way Monday through Wednesday including the 6:45 a.m. departure from New York City on Thursday. All other one-way trips within the schedule will be offered at the new fare of \$99.

The new schedule includes increased trip frequency, now offering four roundtrips between Boston and New York City daily most days of the week, with departures leaving every three hours from each city.

LimoLiner has also doubled its daily pet-friendly roundtrips so pet-lovers will have twice as many departure options. For more information, please see our [Pet Policy](#).

For qualified travelers, LimoLiner will also be introducing a special discount program for members of the armed forces and veterans in April 2016 and additional programs for students and other groups in the coming months.
